

VBA::directXMessage

```
graph LR; A[DirectDrawDisplay::initialize] --> B[VBA::directXMessage];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'VBA::directXMessage'. The box on the right is white and contains the text 'DirectDrawDisplay::initialize' on two lines. A dark blue arrow points from the right side of the white box to the left side of the gray box.

DirectDrawDisplay::  
initialize
