

OamView::OnMapInfo

```
graph LR; A[OamView::OnMapInfo] --> B[ZoomControl::setColors]
```

A diagram showing a call from OamView::OnMapInfo to ZoomControl::setColors. The first box, containing 'OamView::OnMapInfo', is shaded gray. A blue arrow points from this box to a second, white box containing 'ZoomControl::setColors'.

ZoomControl::setColors
